Quality materials FLEXA insists on the highest quality and sustainability as a standard when we make furniture. For example, we only use the highest quality pine from sustainable forests in Scandinavian. We are thereby ensuring that only the very best material is used for our furniture.

Lacquer FLEXA furniture is surface treated with lacquer several times to give our furniture an optimal and elegant finish. At the same time it makes our furniture robust and more resistant to signs of wear and tear. FLEXA is only using eco-friendly water-based lacquer and UV lacquer, which meets the EU standard for lacquer.

Colour differences Many FLEXA furniture is made of solid wood or part of it is in solid wood and natural differences in colour may appear between individual products. This is only natural since wood is a living product. All FLEXA textiles are 100% natural products. Natural differences in colour may occur.

Children's furniture from the Danish company, FLEXA, is designed by FLEXA according to Scandinavian design traditions. The wood furniture are manufactured by FLEXA in Europe and sold worldwide.
